A monastery is a place for peace and beauty, so it is only fitting that some former dwellings are home to some of the world's most stunning hotels. These 7 luxury hotels, are a perfect mix of contemporary luxury and history. The divine architecture, 5 star service, and unique settings, make these properties worth visiting. Whether you are looking to escape to a wine region in Spain, or explore the ancient cobblestone streets of Rome, here are former dwellings of monks, are absolutely stunning.

The history is on the walls at D.O.M., a 5-star hotel, in one of Rome's most iconic districts. You are often reminded that you are staying in a 17th Century monastery, by original structural components. Expect coffered wooden ceilings, and the ancient inscribed blocks of marble (which date back to the Italian Renaissance). The intimate hotel even offers a rooftop view of Vatican City.
